

Capstone Project Meeting Summary – Michael Wells (Housing Services)

February 19th 2025

In our recent meeting with Michael Wells from Housing Services, we presented our app idea and discussed the types of data we would need for its implementation. Michael provided insight into the software currently used by Housing Services and highlighted potential security considerations. He also mentioned that he would consult with relevant personnel to determine what steps we can take regarding security and data access. We are awaiting his follow-up for further guidance on how to proceed.
